ROBUST

Rocky body 100% aluminum

SOFT LIGHT

Natural shadow-less light

POWERFUL

1000 Lux at 3m / 10 ft

The unique aLL-in-one Light

MADE TO LAST

100% aluminium body

Robust body made to endure the toughest working conditions on any location or studio

Best quality OSRAM LED

THELIGHT electronics and heatsink keep the LED in the optimum temperature to last beyond 50.000 hours

NATURAL SOFT LIGHT

Incredibly soft and wraparound quality light to easily get beauty shots and natural portraits

MORE THAN BI-COLOR

VELVET is more than tungsten & daylight in the same unit: you can adjust color temperature from **2700K to 6500K**

AC/DC POWERED

VELVET is always ready to operate worldwide: using any battery from **26 to 28 VDC** with universal **AC power 90-264 VAC**

QUALITY WHITE LIGHT

CRI <90 to get perfect skin tones and real colors with any HD or photo camera

Professional and consistent color rendition

Absolutely consistent lamp to lamp to mix as many units as you wish and get exactly the same light quality and color reproduction

ADVANCED DMX RDM

DMX remote control even without a controller!

Master-slave function: link several units and operate without console. The Master will be the controller for the other units

Bi-directional DMX-RDM: perfect solution on studio simplifying the assignment and channel addressing of every fixture

ADVANTAGES
