VELVET 1 LIGHT

WEATHERPROOF SOFT LED PANELS

Rainproof **VELVET LIGHT 1** & **2** are the most rugged portable lights designed to instantly setup & adjust using shock resistant buttons

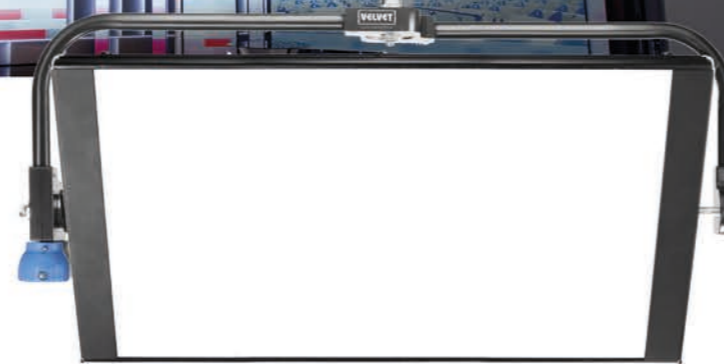

VELVET NATURAL SOFT LIGHT

Incredibly soft and wraparound VELVET quality light to easily get beauty shots and natural portraits

QUICK SET UP

User friendly digital display with shock-resistant buttons. Yoke with ergonomic just one hand tilt lock knob.

BEYOND BI-COLOR

Go further than tungsten & daylight in the same unit:
You can precisely adjust color temperature from 2700K to 6500K.
Dedicated 3200K/5600K quick-shift button.

THE RUGGED & QUICK SOFT PANELS

VELVET 2 LIGHT

QUALITY WHITE LIGHT

Professional and consistent color rendition: With a CRI & TLCI over 90 to get perfect skin tones and real colors.
Absolutely consistent lamp to lamp to mix as many VELVET units as you wish to get exactly the same light quality and color reproduction.

MADE TO LAST

Robust 100% aluminum body, made to endure the toughter working conditions on any situation.

Using the best quality OSRAM LED, exclusive electronics and custom designed aluminum heat-sink we keep the LED in the optimum temperature to last 50.000 hours using no fans.

VELVET 1 & 2 LIGHT

STUDIO SERIES ADVANTAGES

ADVANCED DMX MASTER/SLAVE

DMX remote control even without a controller!
With the Master-Slave function you can link several units and operate without a console. The Master will be the controller for the other units.

BI-DIRECTIONAL DMX RDM

The perfect solution on Studio simplifying the assignment and channel addressing of every fixture.

THE VELVET TOUCH

VELVET Light is the all-rounder for every shooting on location or studio. Strong, thin and versatile. VELVET can be powered with any battery or AC worldwide. VELVET panels are designed to be easily rigged and instantly adjusted to match any ambient light and to produce a natural light effect.

WEATHERPROOF IP54

THE REAL POWER ON SOFT PANELS — VELVET 2x2 LIGHT

VELVET LIGHT 2x2 is the most cost effective, simple to install and versatile to operate soft & space light available

POWERFUL

Its big square surface produce more output than a tungsten spacelight 5Kw drawing just 290W without maintenance.
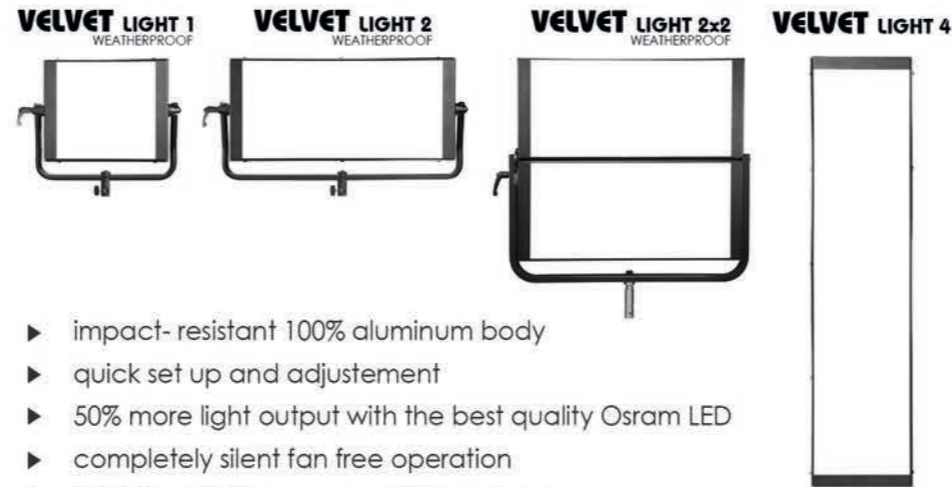

100% SILENT

VELVETLight state of the art passive cooling technology keep LED in the optimum temperature to last beyond 50.000 hours without noisy fans.

QUICK & EASY

The bi-color slim panel (7cms thick) doubles a 5Kw tungsten + light bank being much easier to install.

THE MOST EFFICIENT 4x1 PANEL — VELVET 4 LIGHT

NATURAL SOFT LIGHT

Incredibly soft and wraparound quality light to easily get beauty shots and natural portraits. VELVET Light 4 is so efficient to deliver 1000 Lux of soft light at 3 meters drawing only 290W.

The natural soft beam is very easy to use, produce no shadows on the actors faces and does no disturb their eyes. The light evenness and power make VELVET Light the right choice on lighting backgrounds, as space light and invaluable on location as all purpose fixture.

READY TO RIG

With a wide range of rigging options: Yoke with ergonomic just one hand tilt lock, ball head rapid mounts, 1/4-20" threads for rigging are located on top and bottom of every VELVET panel.
